

"We must find time to stop and thank the people who make a difference in our lives." - John F. Kennedy

So, I would like to say: **THANK YOU!**

Hi!

I used to be a nanny when I was a teenager, then a teacher (for children 8-12 years old) while getting my Bachelor's Degree in Design. Nowadays, I am a designer and a mom (or how I like to call it: mama). This is how "Mama Is Here" was born!

I hope I am making a difference in your children's lives and thank you for making one in mine!

ALL ABOUT

# BATS

Name: \_\_\_\_\_

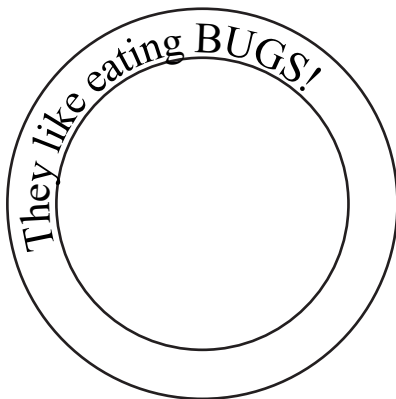

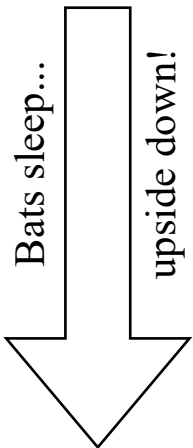

Today is: \_\_\_\_\_

Bats are nocturnal animals! They are active at night and sleep all day long!  
Can you draw the moon here?!

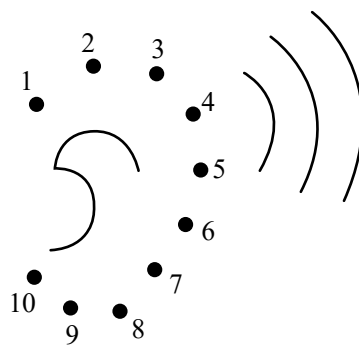

They usually live in groups in caves or hollow tree trunks!

Bats sleep...  
upside down!

Connect the dots below:

Bats have super hearing!  
But they can't see very well.
